WEATHER PROBABILITIES.—For this location, partly cloudy, possibly occasional showers tonight and Friday; light to fresh south to west winds.

KILLED BY A FALLING BANK.—Mr. Thomas Duncan, who lives in the country, a short distance from this city and near St. Asaph junction, was instantly killed about 11 o'clock this morning by the caving in of a gravel bank near the summit of Shuter's Hill, on the south side of the road. Mr. William Woodward, of Dr. Ray, and a colored man named Edmunds were also caught under the bank and both were injured. Two horses attached to a wagon which was being used to transport lumber, one of which was killed, were also injured, one so much so that it subsequently died, and the wagon was smashed and completely wrecked. The work of taking gravel from the bank was being conducted by Mr. Duncan, who was assisted by the other men. It seems that the digging had been continued some distance under the bank, leaving an overhanging ledge, which made one of the men employed at the pit apprehensive, and he had warned Mr. Duncan of the danger. The latter, however, paid no heed to the alarm manifested by his employee, and a few minutes later the bank fell with the result stated above. About three tons of gravel and sand fell upon Mr. Duncan, killing him instantly and fearfully mangled his body. Word was sent to this city and the body was later taken from the pit and conveyed to Mr. B. Wheeler's undertaking establishment, and Mr. Woodward was brought here, where he was attended by Drs. Klipsch and Slaughter, and later was sent to his home in Del Ray. The colored man, who was not seriously hurt, walked to his home in this city. Mr. Duncan was about 30 years of age, and a son of Mr. James Duncan, of the county.

PERSONAL.—Mrs. Fitzhugh Lee arrived in Richmond on Tuesday afternoon from Washington, where she left the Misses Lee, who will visit Richmond and later.

Miss Mildred Lee, who has recently returned from an extensive European trip, is now staying with her brother, Capt. Robert E. Lee, at his home in lower Virginia.

Mrs. Jane Lewis, who has been spending some time with her sister, Mrs. J. G. Latimer, in Newport News, left yesterday to spend the summer in Alexandria.

Cards are out for the marriage of Miss Esther Newton Cox, daughter of Mr. John T. Cox, formerly of this city, to Mr. Arthur T. Elgin, of Lynchburg, which will take place at Bowling Green on Tuesday, June 5.

The marriage of Miss Elsie Love, of Winchester, to Dr. J. Wilton Hope, of Hampton, will take place June 28.

Mr. Charles E. Winchell, a nephew of Mrs. J. V. Davis, died in Dayton, O., on Tuesday night.

BIRTHDAY PARTY.—Miss Edna, the charming young daughter of Mrs. Oliver Pulman, handsomely entertained twenty-five of her friends, at her home on Franklin street, last evening. The parlors of her hospitable home were very handsomely decorated with palms and cut flowers. Games, music and song reigned supreme until twelve o'clock, when all assembled at the festive board to partake of refreshments. The party was most enjoyable, and with many regrets the guests bade adieu to their genial host, wishing her many happy returns of the day.

BASEBALL.—The season of the District Baseball League was opened here yesterday with a game between the Corcoran Cadets, of Washington, and the Alexandria on the old fair ground, which has just been fenced in. The score was 12 to 1 in favor of the Corcorans. The attendance was about 700 and the gate receipts aggregated about \$85.

The Episcopal High School nine met and defeated the Baltimore City College nine yesterday by a score of 16 to 7. On June 18 the High School will play the University of Virginia.

THE MACKAYS.—As stated in yesterday's Gazette Judge Thomas J. Mackey and wife did not leave town for Fairfax Court House, as was their avowed intention when they left the Mayor's office yesterday morning. They went out to the Southern depot, and after waiting there a few moments went to the boardinghouse of Mrs. Bellomy, on north Patrick street, where they secured rooms. The judge later applied to the Mayor for permission to remain in this city until Sunday, saying that he and Mrs. Mackey then intended to leave for some place in Maryland.

FISH HATCHING.—During the thirty days the Bryant's point station of the United States fish commission was in operation this spring the spawn takers succeeded in getting the enormous number of 68,000,000 shad eggs, all of which were hatched, and when the young shad were about two inches long all except 4,000,000 were put back into the river, to grow and furnish next season's supply of this toothsome fish. The 4,000,000 retained were shipped to a station in Georgia, and the experiment of stocking a stream there will be tried.

A REAR END COLLISION.—A rear end collision on the electric railway from Aqueduct bridge to Arlington yesterday afternoon resulted in sundering a number of windows in both cars and shaking up the passengers. Both cars were bound for the cemetery and were heavily loaded. The accident occurred on a high embankment, but fortunately no one was hurt. A number of women passengers were badly frightened, left the cars and walked back to the bridge.

POLICE COURT.—Mayor George L. Simpson presiding.—The following cases were disposed of this morning:

Ella Cave, colored, charged with disorderly conduct, was fined \$5.

Mary James, charged with assaulting and beating Anna Johnson, was dismissed.

Night Report.—Last night was clear and mild until about 12 o'clock, when it became cloudy. One prisoner and one dog were at the station house.

COUNTY NOTES.—The Circuit Court adjourned for the term yesterday, no very important business having been transacted at this term.

Constance Gaines, colored, who was recently charged with obtaining money under false pretenses, was fined \$5 by a magistrate. Yesterday upon these facts being made known to Judge Love, of the County Court, Gaines was removed from office.

The case of the Commonwealth vs. Warner Jones, colored, indicted for highway robbery, was called in the county court yesterday and again this morning, but had to be continued on account of the condition of Jim Williams, colored, the principal witness in the case and who is now confined in jail. Williams upon being placed on the stand yesterday became violently excited, frothed at the mouth and was entirely uncontrollable. He was sent back to jail. This morning Dr. Ashton was sent to see the man and upon entering the jail was set upon by Williams and narrowly escaped serious injury, several men being required to hold the man. In consequence of Williams' condition the case of Jones was again continued.

COLUMBIA FIRE COMPANY.—The Columbia fire company held a special meeting last night and received a communication from the Fire Warden in which the wardens declined to allow the Columbia engine to be taken to Baltimore next month on the occasion of the meeting and parade of the Maryland Firemen's Association. The company thereupon definitely decided not to go to Baltimore on that occasion and adopted a rule forbidding any member of the company wearing the uniform of the company to appear in line in the Baltimore parade.

FOUND HIS MONEY.—Capt. Charles McKenney left the wharf this morning to make a deposit of a considerable sum of money in bank. On arriving there he discovered that his money was gone. Hurrying back to the wharf he found the money which he had dropped out of his pocket.

POLICE COMMISSIONERS.—The City Council in July will elect a police commissioner from the first ward. Mr. Noble Lindsey, the present incumbent, will be a candidate for re-election and Mr. Zoro Hill will also be a candidate for the position.

JIM CROW CARS.—In accordance with the "Jim Crow" car bill, passed by the last Legislature all the railroads in the State are preparing cars to give separate service to the negro. Representatives of the different roads in the State say they are making special efforts and will be ready by the first of July to accommodate the negro in special apartments.

The railroads having solid vestibule trains are having smoking rooms built in the rear of the cars, which will be set apart for negro service. The other cars, both first and second class, will have partitions put in, dividing the car in half. Some of the railways, which have a southern route, already have the "Jim Crow" cars, as they are required by other southern States through which the road passes.

Mrs. J. T. Arnold, wife of the Newport News grocer who was robbed of \$230 on the day of the eclipse, yesterday found the money, all greenbacks, under the manger in the stable. Four boys were summoned to court and examined, but were released. It is believed by the police that boys entered the store while Arnold was watching the eclipse and stole the money from the safe, but when they learned that the police were after the thief they placed the money in a conspicuous place in the stable where it could be seen.

Members of the 17th Virginia Chapter, U. D. C., who wish to attend the lawn party Monday night, can procure membership cards admitting them to the same at Mr. Warfield's drugstore, corner King and Pitt streets.

The Best Prescription for Chills and Fever is a bottle of GROVE'S TASTELESS CHILL TONIC. It is simply iron and quinine in a tasteless form. No cure—no pay. 50c.

An Epidemic of Whooping Cough.—Last winter during an epidemic of whooping cough my children contracted the disease, having severe coughing spells. We had used Chamberlain's Cough Remedy very successfully for croup and naturally turned to it at that time and found it relieved the cough and effected a complete cure.—John E. Clifford, Proprietor Norwood House, Norwood, N. Y. This remedy is for sale by all druggists.

J. Q. Hood, Justice of the Peace, Crosby, Miss., makes the following statement: "I can certify that One Minute Cough Cure will do all that is claimed for it. My wife could not get her breath and the first dose of it relieved her. It has also benefited my whole family." It acts immediately in whooping coughs, colds, croup, grippe, bronchitis, asthma and all throat and lung troubles.

Tomorrow, Friday, Is Remnant Day.

The reason why our remnant sales are so successful is because we realize that it is better to make the price low at once, and sell it quickly, otherwise it may remain longer, get soiled, and require to be marked down again. Every Friday we have a remnant sale at which time we offer all legitimate remnants resultant from the week's selling at prices that will assure the quickest possible clearance. Tomorrow's remnant sale is especially interesting because of the great variety of the assortment and the lowliness of the prices.
